Basic Version (Free) has the following:

- Links to Ravelry and Dropbox
- Unlimited PDF Projects
- Sync across phone,, computer, tablet
- Sliding Row and Stitch markers
- You are here marker
- Simple Counters
- Rotate Pages
- Project Notes
- Project Timer

Subscription \$29.99 a year allows you to use Edit and Set Up Features as well as access to KCDesigns through [Createt2Thrive](#). KCDesigns are already set up with many of the KC features but I believe you still have to purchase the pattern. You can access your Ravelry library through Create2Thrive.

With a subscription you have access to the following:

- Quick Key
- Highlights
- Inverted Markers
- On Page Notes
- Customized Counters
- Linked Counters
- Add Video
- Chart Piece
- Magic Markers
- Voice Control - On Apple iPad - I've found it doesn't work great and only
- Several other features that I have not tried. You can see the full list by clicking FAQs and Can I use KC for free?
